FIVE LITTLE BIRDS

CHORUS

Walking through the forest, and what do I see?
Five little birds sitting in a tree.
One flew over to talk to me,
I wonder who could it be?

"My name is Pūkeko,
I have a red beak,
blue and black feathers on my back.
It's time for me to say, e noho rā!"
How many birds are left in the tree? 1, 2, 3, 4...

Walking through the forest, and what do I see?
Four little birds sitting in a tree.
One flew over to talk to me,
I wonder who could it be?

"My name is Ruru,
I'm the little night owl,
I sleep all day long.
It's time for me to say, e noho rā!"
How many birds are left in the tree? 1, 2, 3...

Walking through the forest, and what do I see?
Three little birds sitting in a tree.
One flew over to talk to me,
I wonder who could it be?

"My name is Kea,
I have green and yellow feathers,
I'm a pretty cheeky bird.
It's time for me to say, e noho rā!"
How many birds are left in the tree? 1, 2...

Walking through the forest, and what do I see?
Two little birds sitting in a tree.
One flew over to talk to me,
I wonder who could it be?

"My name is Tūī,
I'm the parson bird,
I sing all day long.
It's time for me to say, e rā!"noho

How many birds are left in the tree? 1...
Walking through the forest, and what do I see?
One little bird sitting by the tree.
It walked over to talk to me,
I wonder who could it be?

"My name is Kiwi,
I have a really long beak,
I don't fly around at all.
It's time for me to say e noho rā!"
How many birds are left in the tree? None!

Walking through the forest, and what do I see?
No little birds sitting in a tree.
I wonder if they'll come back to talk to me?
Maybe next time, we will see!
